SUMMARY

Computer Science and Engineering undergraduate with strong knowledge of data structures and algorithms, specialising in full-stack development with experience in C, Python and database management.

EDUCATION

APJ Abdul Kalam Technological University, Kerala	Expected Graduation: June 2027
B. Tech in Computer Science Engineering (Honours in Machine Learning)	CGPA: 8.36

SKILLS

- **Programming Languages:** C, C++, Python, Java, SQL, HTML/CSS, JS
- **Frameworks & Libraries:** ReactJS, Pandas, NumPy, MERN /MEAN Stack, Spring Boot
- **Tools & Platforms:** Git, GitHub, Linux, Windows
- **Soft Skills:** Team Collaboration, Time Management, Effective Communication, Problem Solving, Active Listening, Critical Thinking

PROJECTS

RYDR - Car Pool System

- Developed a web-based carpooling platform for ride sharing based on routes and schedules.
- Implemented ride posting, booking and cost-sharing functionalities.
- Integrated user authentication and profile verification for secure access.

LifeFlow - Blood Donation Management System

- Implemented a high-priority "Admin Broadcast" feature that sends instant, location-specific availability alerts to eligible donors.
- Developed an ML-based algorithm to forecast blood donation trends and donor availability, enabling admins to manage supply levels based on predictive data.
- Developed a centralized management interface that visualizes complex donation statistics, health trends, and live inventory metrics.

INTERNSHIPS

Cyber Security and Ethical Hacking - Pacelab, Kochi

- Participated in an intensive 3-day technical program focused on network security fundamentals and modern cyber threats.
- Gained practical exposure to standard industry practices for identifying and mitigating security vulnerabilities.

CURRICULAR ACHIEVEMENTS

- Participated in Xtreme Encode hackathon, conducted by ENCIDE MACE, TinkerHub useless projects and CSA Hackathon.
- Volunteered in department tech fest, college cultural fest and sports festival.
- Worked as a volunteer for TinkerHub during the academic year 2025-26 and coordinated many events.
